

TOWN OF LISBON
W234 N8676 Woodside Rd.
Lisbon, WI 53089

Agenda
Public Safety Committee Meeting
Town of Lisbon, Town Hall
Tuesday, October 24, 2017
6:30 P.M.

1. **Roll Call.**
2. **Comments from citizens present pertaining to items on the agenda.** Citizens are invited to share their questions, comments, or concerns with the Public Safety Committee. When speaking, citizens should state their name and address for the record and limit their presentation to three minutes. If a response would involve discussion of Plan Commission policy or decisions that might be of interest to citizens not present at the meeting, the commission may place the item on a future meeting agenda.
3. **Unfinished Business.**
4. **New Business.**
 - a. Discussion and necessary action on the request to install a stop sign on Norwauk Road.
 - b. Discussion and necessary action to increase the school parking citation fines.
 - c. Discussion and necessary action to establish a Street Listing & Speed Limits reference list.
5. **Requests from members to put future items on the agenda.**
6. **Adjournment.**

Rebecca Plotecher
Supervisor #4 & Committee Chairperson

Gina C. Gresch, MMC/WCPC
Town Clerk

NOTICE: It is possible that members of and possibly a quorum of members of other governmental bodies of the municipality may be in attendance at the above-stated meeting to gather information; no action will be taken by any governmental body at the above-stated meeting other than the governmental body specifically referred to above in this notice.

NOTE: Please notify the Town of Lisbon 72 hours in advance if you plan to attend and will need an interpreter or assistive hearing device.

MEMBERS: Please notify Town Hall at 262-246-6100 if you are unable to attend the meeting.

Subject: Ongoing issues on Norwalk Rd

Good morning

My name is Darren Becker and I live at N94 W25357 Norwauk Rd. I also currently sit on the Lisbon Fire and Police commission. Recently a new development went up at the west end of Norwauk Rd that connects my sub and the sub west that is accessible from HWY 164. I do not know the name of that subdivision. We (the residents of Norwauk Rd, River Ln and Eddie Ct) have some significant concerns. A resident who lives right at the end of Norwauk Rd at the entrance to the new sub was told that due to the added traffic through our subdivision and because there will be no residential entrance/exit onto HWY Q from the new subdivision that we will be getting stop signs at the 3 way intersection at Norwauk and River. Other residents as well as myself have also heard that. I hope this is true and that the town just haven't gotten here to install them but it still has not happened. As a result of this new development and the lack of stop signs we have had a big increase not only in traffic but cars absolutely flying through Norwauk east to Hillside Rd. Last night two cars came through

going in my estimate 50mph past my house. Not sure if they were racing or not. About 10 min later at Sheriff car drove through so i'm guessing that someone called. Saturday evening was the same problem. I know there have been numerous calls to the Sheriff Dept over the past couple months about this. I am hoping that with your help in getting stop signs placed and working with the Sheriff Dept this might help. Another problem is that at the corner of Norwauk and River there are a couple of huge evergreen trees that really hamper visibility at that intersection. Last week Saturday late afternoon I was walking home from a house on River Ln and was very nearly struck by a car driven by a young girl who took that corner at about 20 mph, never seeing me because of the trees and the lack of stop signs. She made a wide right turn so she did not have to slow down. Luckily I saw her coming and moved. If it would have been a child, which there are a lot of in this neighborhood including my own, the outcome could have been tragic.

Our second issue is that with this development the dump truck and other construction traffic that is traveling on Norwauk to Hillside and then to the gravel pit on Hillside is ridiculous. I have called the town as well as some neighbors and were advised to call the Sheriff which we have done to no avail. There is a construction driveway from the new development out to Hwy Q that they are supposed to be using and they are not. Last Thursday, Friday and this past Saturday the dump trucks have even traveling through here non stop from the pit to the new subdivision. This latest problem is with Litzau excavating. Thursday, Friday and Saturday there were two quad axle Litzau dump trucks traveling through here all day and until about 1pm on Saturday. They, of all people should know better, after all they are the ones who built this development and built the construction drive. I'm tired of this and many of the neighbors are tired of this. We are in constant fear for our kids who are frequently on the roads. We are asking for the stop signs to be put up in all three directions at Norwauk and River Ln. We are also asking for your help in contacting Waukesha Co. Sheriff Dept to figure out how we can get more patrols down here. I know that they can't be here all the time but more help from them would be appreciated. One more thing that I feel would be very helpful is putting "No Construction Traffic" signs at the entrance to Norwauk from Hillside and from Hwy Q onto River Ln. As I am sitting here writing this there are dump trucks coming onto Norwauk and turning onto River and going out to Q and back.

Thank you for your time and hopefully your assistance with this matter. I was not sure what supervisor I should be emailing so I choose you both. Mr Osterman I added you because of your leadership on the board. Please feel free to contact me anytime at 262-408-0653. I would love to discuss these matters further.

Hello,

Since the e-mail from Darren on June 12th, we did put up a no trucking sign on Norwauk @ Hillside. So this way we keep the truck traffic entering River lane from Highway Q. I think that helped that situation. As far as them not using River Lane as an access to River Glen, that is the road we want them using. There is also a no trucking sign on the far west side @ 164. So that leaves River Lane as the only way to enter the development. The construction road he is referring to was just access when they were cutting in the roads, it is not suitable to be entering and exiting from Highway Q with the heavy truck traffic. As well as all the debris that would be drug onto Q since it is all gravel and dirt. River Lane is the shortest distance for the truck traffic to be traveling on the Town roads. It makes the most sense. I am not against the 3 – way stop if that is something the committee would like to pursue. Very doable.

As far as Lake Five going down to 25 MPH. Don't think that is a great idea. 35 is too slow. LOL. Using Lake Five Road sense my days going to Arrowhead HS till the present time. No one does 35, everyone is so use to the days of 45. Throw the signs up for 25, they still will do 40.

Just my 2 cents on the matters.

Thanks!

Joe DeStefano Jr.

Reference the first letter, lowering the speed limit from 35/25 on Lake Five- this is possible- however a speed study would need to be conducted first. If this is something that we agree needs to be done based off of one complaint, I can have one completed to determine the actual speed and how much traffic is utilizing the road. If the area is changing to primarily residential, it may be a good idea.

<http://wisconsin.gov/dtsdManuals/traffic-ops/manuals-and-standards/speed/speed-guide.pdf>

This is a basic guide for speed limits in Wisconsin, great resource.

Reference the second letter- my first question is- do we plan on putting up stop signs? If so, then it would be beneficial to let him know that this is the plan. If not, a study can be performed to see if they are necessary. Sometimes stop signs are detrimental if not warranted.

He asks for help in contacting us, I will be happy to contact him and provide our dispatch number to him, so he can get in touch with us when he would like us to respond to the area. Our records show he has not contacted us since 2010 for traffic concerns.

We have several options for his speed complaints, I can set up extra patrols, utilize a speed trailer when one comes available and the other option is to conduct a study. I can have a deputy stop and talk with him or make contact myself to determine the best course.

I will stop in Friday and we can discuss how to proceed with the Norwalk matter.

My Public Safety agenda items will be to increase the parking citation fines.

My calendar is all over the place, let's discuss that Friday as well...

Good Afternoon Captain,

Not yet, Becky and I are working on that. Please email me what you have and I'll get it on the agenda and in the packet. If you attend the meeting, please let me know what dates you have available after September 12.

Becky: please let me know what dates you're available too, then I can send an email to the other members.

Thanks!
